The curriculum is subject to changes. The University reserves the right to revise the curriculum.

This is an overview of some courses offered in our programme:

- Applied Data Science and Visualisation
 - Corporate Valuation Models
 - Managerial Planning and Control
- Preparing Financial Statements
 - Corporate Accounting and Reporting
 - Analytics and Data Management
- Financial Statement Analysis
 - Mergers and Acquisitions
 - Bank Compliance and Risk Management

BEYOND THE CLASSROOM

Students have the valuable opportunity to connect with alumni during Fireside Chats, where they gain insights into campus life, career journeys, and strategies for maximising the programme’s opportunities — including tips on landing their ideal job.

At our Industry Roundtables, students learn directly from industry leaders about key trends, advanced strategies, and innovative practices in areas such as international financial accounting, sustainability reporting, and digital transformation. These sessions equip students with actionable insights to navigate today’s complex financial landscape and make informed career decisions.

CAREER SUPPORT

Our students benefit from robust opportunities to connect with corporate partners, industry experts, peers, and a dynamic global alumni network. These connections are fostered through networking events, company visits and industry panels — empowering them to make informed career decisions and build professional relationships.

HEAR VALUABLE INSIGHTS FROM OUR STUDENTS

“ My biggest takeaway has been the opportunity to systematically and deeply study foundational accounting concepts during my postgraduate journey. In just one semester, I’ve been exposed to an incredibly **diverse curriculum** that covers accounting, programming, and valuation.

”

Zhang Lingyun
China, Class of 2025

“ What I truly appreciate about NUS is the **collaborative learning environment**, where engaging with a diverse cohort has broadened my perspective and enriched my learning. The faculty’s expertise and practical approach are unmatched. I particularly enjoyed Preparing Financial Statements, where we explored the accounting practices of real-life companies.

”

Mahak Agarwal
India, Class of 2025
